PROFESSIONAL SUMMARY

Economics graduate specialising in Econometrics & Applied Statistics who adapts quickly across research, teaching and digital product work. At Khazanah Research Institute, analysed multi-source housing data across every DUN in Malaysia and contributed to the National Housing Policy 2026–2035. Alongside research, tutors SPM Economics and has independently built two live web products using AI tools, taking each from idea to launch. Quick to learn new tools and subject areas, with strengths in quantitative analysis, research writing and presenting findings to stakeholders.

PROFESSIONAL EXPERIENCE

Consultant Research Assistant | Khazanah Research Institute Jul 2025 – Jun 2026

- Research publication: 1) A Quick Look at the KL Residential Rental Affordability Market. 2) Dasar Perumahan Negara 2026-2035
- Identified rental affordability gaps across every DUN in Malaysia by synthesising multi-source data at DUN, Mukim and District levels for national housing research.
 - Strengthened national housing research chapters by integrating quantitative analysis with stakeholder engagement findings across Rental Markets and Institutional Arrangements.
 - Translated complex research findings into readable slides presentations for the stakeholders.

Policy Research Intern | Khazanah Research Institute Mar 2025 – Jul 2025

- Established a baseline for Malaysia's rental market conditions by synthesising DOSM and NAPIC data ahead of the 2024 Census for the housing project's inception report.
- Shaped early-stage housing research findings by synthesising literature on rental markets and institutional arrangements for national-level studies.

Private Tutor | SPM Economics Nov 2024 – present

- Improved a student's Economics performance from Grade C in trial examinations to Grade A through targeted coaching, contextual examples and structured learning materials.

EDUCATION

Bachelor of Economics with Honours | Universiti Kebangsaan Malaysia (UKM) 2025

- Major: Econometrics & Applied Statistics
- Research publication: Family Planning Decisions and Child Investment Patterns: Evidence from Malaysian Families (published in AIP Proceedings 2026).
- Dean's List: 1st & 6th Semester

PERSONAL PROJECTS

RekodJa | Job Application Tracker (Chrome Extension & Web App) 2026

- Cut job-application logging to a one-click save across LinkedIn, JobStreet, Indeed and Glints by designing a Chrome extension and directing its development with AI coding tools, from product requirements to testing.
- Launched a live web dashboard (app.rekodja.com) that tracks applications across 7 status stages and 8 job sources by writing product requirements, prompting AI tools to build each feature and testing every release before deployment.
- Kept user data in each user's own Google Sheet at zero server cost by setting privacy as a core design requirement and checking it through AI-assisted security reviews.

Econ Tutor | Interactive SPM Economics Learning Website 2026

- Consolidated the full Form 4 and Form 5 SPM Economics syllabus into one mobile-friendly website (6 chapters, 263 flashcards, 178 quiz questions and 36 interactive graphs) by structuring textbook content and directing AI coding tools to build and deploy it.
- Enabled exam-condition practice with 3 state trial papers (120 timed MCQs and 21 structured questions with self-marking against official schemes) by curating past papers and marking schemes into interactive quizzes.

AWARDS & LEADERSHIP

Anugerah Majlis Tertinggi Terbaik Fakulti Ekonomi & Pengurusan | 2025 — Faculty award recognising leadership and contribution.

Anugerah Alumni Fakulti Ekonomi & Pengurusan | 2025 — Award recognising extracurricular performance and leadership.

Anugerah Persatuan Mahasiswa Fakulti Terbaik | 2024 — Achieved Top 3 among 13 faculty student associations at UKM.

President | Student Association of Faculty of Economics and Management, UKM Oct 2023 – Jun 2024

- Achieved Top 3 among 13 faculty student associations through organisational leadership and programme execution during the 2023–2024 term.

President | Bureau of External Relation and Alumni, Kolej Rahim Kajai, UKM Oct 2022 – Jun 2023

- Proposed and planned an accessible alumni database for Kolej Rahim Kajai by compiling alumni information for use across KRK college bureaus.

TECHNICAL SKILLS

Research: Literature Review, Research Writing, Econometric Analysis, Applied Statistics, Quantitative Research

Software and Web Platforms: RStudio, Microsoft Office, Vercel, Supabase, GitHub

AI Tools: Codex, Claude Code, Google Antigravity, Prompt Engineering

Languages: Malay (Native), English (Fluent)
